SUMMARY

Passionate software developer transitioning from the banking sector to software development. With a strong experience in HTML, CSS, JavaScript, reactJS, ,nodeJS and responsive web design. Skilled in building dynamic, user-focused web applications and solving complex problems. Motivated by continuous learning, collaborative team work, and delivering scalable and efficient software solutions.

EXPERIENCE

Investment Analyst at The National Bank of Egypt
Investments and Investment Trustees Group
August 2021 – Present

- *Conducted financial portfolio evaluations, feasibility studies, and performance analysis.*
- *Developed analytical and problem-solving skills applicable to software development and system design.*

Web developer internship at NeuronetiX - October 2024

- Contributed to real-world web development projects using React.js, Node.js, and CSS frameworks.
- Collaborated in team-based coding tasks, version control with Git, and testing/debugging.

Technical Skills

Programming Languages: JavaScript (ES6), HTML5, CSS3, EJS, Node.js
Frameworks & Libraries: React.js, Express.js, Bootstrap 4, Tailwind CSS
Web Development Concepts: Responsive Design, DOM Manipulation, Event Handling, Version Control (Git/GitHub), Data Structures, Design Patterns
Tools & Software: Adobe Photoshop (basic), Canva, VS Code, Web3Forms

Development Projects

E-Commerce Website using React

- Developed a fully functional, responsive e-commerce web application using React and Vite, showcasing modern front-end development skills.
- Implemented core e-commerce features including product catalog, shopping cart, user authentication, and checkout flow. *Consider adding specific features, purpose, or a link if available.*

Interactive JavaScript Games (Dice Game, Drum Game, Simon Game)

- Designed and implemented engaging web-based games utilizing JavaScript, HTML, and CSS to create dynamic user experiences.
- Showcased understanding of DOM manipulation, event handling, and conditional logic.

Personal Blog Website

- Built a simple, elegant blog using **Node.js**, **Express**, **EJS**, and **Tailwind CSS**, with image uploads and a contact form via **Web3Forms** — running entirely without a database.

EDUCATION

- **Cairo University**, Bachelor's Degree, Business Administration *-2020*
- *ALX AI Career Essentials – Aug 2024*
- *Web Development course by Appbrewery - currently learning*
